PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

## RECENT OPERATIONS

By Paul Rardin

It seems that folks who go north for a vacation soon realize that Palm Beach county and South Florida are ideal spots to spend summers. On my desk this week is a card from the ever-popular Charles G. "Windy" Willis, who is in New York for a short spell. He is longing for South Florida and its always-cool atmosphere. Canal Point residents—Mr. and Mrs. G. L. Sims—are somewhere "up north" with the card being mailed in Gatlinburg, Tenn. They describe the weather as "the hottest we've ever seen."

This morning's mail brought a letter from the Howard Holmans who are summering at Pocomok City, Maryland. Howard says "the only relief we have from the heat and humidity is to pray for a thunderstorm." So, along toward the end of August when the force in this newspaper office starts a vacation, I'm going to plan to spend most of it in "air-conditioned Florida."

I've just returned from a business trip to Tallahassee. While in the fair city located in the red clay hills of Leon county (with the thermometer mercury soaring to the top every day) I gleaned a few political items which may be of interest to those of you who indulge in the great American pastime of talking politics.

This item is going the rounds in the capital. The present State Road Board Chairman, Elgin Bayless, will be pitted against Former State Representative Richard Simpson of Monticello in 1952 for Nathan Mayo's job as commissioner of agriculture. Both are fine chaps and a race between them will be a dandy.

After the first of the year when Richard "Dick" Ervin takes over as attorney general he will be assisted by the present secretary to the State Road Board—Robert McClure. Another man of ability who will join Attorney General Ervin's staff as a field worker will be none other than Elgin Bayless—present chairman of the SRD. At present Elgin is Dick's boss. After the first of the year Dick will be Elgin's boss. Anyway, that's how things shopped up over the week end in the hotel lobby chatter in the capital city.

Didja ever hear of Weekiwache Springs? It is located on the Gulf Coast highway 56 miles north of Tampa. It has something new under the sun—an underwater theatre. First one I've ever seen or heard of in all these years. An underwater stage with all the apparatuses for staging an interesting underwater show is part of the layout. The show is staged by a group of lovely swimming lassies. In order not to break up the routine underwater show the lassies pass an air hose from one to another—taking in a couple of lungful of air every so often. Of course, there are other attractions, such as the glass bottom boat

## "TEN THOUSAND YEARS"

The Methodist Woman's Society of Christian Service will complete the "study text," "Ten Thousand Years," at the August meeting of the society Monday at the church auditorium at 3:30 p. m. The Rev. Carson T. Howes will present the last three chapters of the book and Mrs. John A. Dulany, president, will preside at the business session. Delegates to the school of missions in Lakeland on August 31st will be named at this meeting.

## Tooth Treatment May Prevent Decay

A countywide crusade for the reduction of decay in the teeth of preschool and school children—using the new sodium fluoride treatment—was announced last week by Dr. Burton Austin director of the Palm Beach County Health Department.

Dr. Austin said that teams sent out by the United States Health Department and assigned to Florida will come to Palm Beach County to conduct the initial campaign at a date yet to be set.

The team of U. S. experts, Dr. Austin said, will confer with school officials and dentists to set up a program for treating children with the "Sodium Fluoride," a method which was originated ten years ago in a small Texas town, and which under exhaustive tests recently, has proven capable of reducing dental caries, or decay, in teeth by at least 40 per cent among children.

Dr. Austin said the treatment is not effective in adults, but has been highly profitable where used among those children in their preschool years and the young school students. The application method is simple—it involves painting the teeth with the solution—and the idea has the support of the Florida Medical Society, Dr. Austin said.

## Vacation Bible School Scheduled

Plans are being outlined for the annual union Vacation church school in Canal Point. The school is conducted each year with the Baptist and Methodist churches sponsoring it. Registration is scheduled for August 14th and class sessions will begin August 16th continuing through August 27th. The Rev. Ralph A. Fuller, pastor of the Methodist Church, and Rev. Elmo Scoggins, pastor of the Canal Point Baptist church, are working out the details. Officers and teachers for the school will be announced later.

Mr. and Mrs. John E. Wilson and family have in their guests this week her brother and sister-in-law, Mr. and Mrs. A. J. King and children of Tampa.

Mr. and Mrs. Fred T. Hickerson and children have returned from two weeks vacation in Salerno where they report fishing was good.

ride 2½ miles down the river to witness the aquatic show—several pens of wild animals on the banks of the Weekiwache River. I found it time and money well spent.

## Caudill Goes To Lake Worth School

Dennis D. Caudill, principal of the Pahokee High School for the past nine years, was appointed supervising principal of Lake Worth Junior Senior High School at the meeting of the county school board last week. He succeeds Clyde Harris who, July 16, was named principal of Palm Beach High School.

Mr. Caudill has spent 19 years in educational work. In addition to his service in Pahokee he was principal of the Lake Park Junior High two years, principal of the Morehead, Ky., High School for six years and was a teacher for two years in Morehead.

Mr. Caudill attended the University of Kentucky and received his bachelor's degree at Morehead State Teachers College. He received his master's degree at Duke University.

He is a past president of the Pahokee Rotary Club, a member of the Methodist Church. Mrs. Caudill is the former Vivian Shepherd of Boynton Beach. They have one son, Joe Syd, 3.

## Lions Will Boost City Hospital Vote

J. M. Elliott, chairman of civic betterment committee, announced that a representative from the state road department is expected to come to Pahokee this week to inspect proposed sites for a state roadside park to be established in this section, at the weekly luncheon meeting Tuesday in the Lions Hall.

Plans were also mapped for launching a "get out and vote," campaign for the city bond election which is scheduled for August 31st at the city hall. The election is being held as a means of financing the proposed hospital building which is to house the Everglades Memorial Hospital here. Elliott, under whose supervision the project comes, reported that his committee would contact members of other civic clubs in an effort to secure their cooperation in the campaign.

The Rev. Ralph A. Fuller, pastor of the Canal Point Methodist church, and James W. Vann, manager of the Pahokee Housing Authority labor camps, were welcomed as new members of the club. They were presented by the Rev. Carson T. Howes, membership chairman.

## Two Resign From City Appeals Board

At a meeting of the Pahokee City Council at the city hall Tuesday evening Councilman Orin S. Bacon, tendered his resignation as a member of the city zoning board of appeals. Frank Colson, who is now making his home in Reddick, Fla., has also resigned from the board. These vacancies will be filled at the next meeting of the council. City Clerk W. P. Walker was authorized to secure prices on a larger Diesel engine for the water works plant.

## MEN'S BIBLE CLASS

A most cordial invitation is extended to all unaffiliated men and visitors to attend this Sunday's session of the Pahokee Men's Bible Class at 9:45 in Fellowship Hall on Bacon Point Road. The lesson "Baruch, the Scribe," will be taught by Rev. C. A. Moberg. Baruch whose name means "blessed" was a loyal friend, amanuensis, and faithful attendant of the prophet Jeremiah Baruch is one of the outstanding examples of the men of courage in the Bible. The class quartet will sing.

## Association Meets In Delray Beach

Thursday at the Palm-Lake Baptist Woman's Missionary Union and the Baptist Young Peoples rally in Delray Beach, Mrs. Ralph Grimes was elected young peoples director for the Palm-Lake district and Mrs. Horace Unwin young peoples director for the lake district. Mrs. Grimes succeeds Mrs. J. J. Cater of West Palm Beach. Mrs. J. C. Mock was named chairman of the Baptist Children's Home in Lakeland.

Miss Lillian Hammond of Pahokee led the devotional for the youth program and Miss Stella Sue Barnes made a talk on, "Why I Like to Read the Word Comrade."

Those attending from the Pahokee church were: the Rev. and Mrs. Carl A. Moberg, and daughters, Peggy and Bobbie; Mrs. Paul Watson, Mrs. C. A. Batchelor, Mrs. Horace Unwin, Miss Elizabeth Caraway, Mrs. F. G. Gillis, Mrs. Tom Baldwin, Mrs. C. R. Wroten, Miss Elizabeth Clarity, Miss Ethel Miller, Miss Stella Sue Barnes and Miss Lillian Hammond. Those attending from the Canal Point Baptist church were Rev. and Mrs. Elmo Scoggins, Mrs. J. H. Bordeaux, Mrs. L. L. Horne, Mrs. A. R. Scruggs, and Mrs. Charles Maxson.

## Tilly Walker Is In Top Sales Group

R. B. (Tilly) Walker, Hollywood, agent for the New York Life Insurance Company in this area has achieved membership in the company's Top Club Council for 1948, a distinction reserved for the outstanding agents of the New York Life Insurance Company. W. G. Colmery, state manager, announced this week.

Mr. Walker was the only agent in Florida to qualify for membership and one of 200 throughout the United States from a national total of 5,800 agents. He was similarly honored in 1946 and 1947.

As a member of the Top Club Council, Mr. Walker has been invited to attend a meeting of the honored group as a guest of the New York Life Insurance Company at the Greenbrier Hotel, White Sulphur Springs, West Virginia, September 7 through the 11.

Mrs. Alma Alexander and children of Miami and her sister, Mrs. Wilma Gallagher and children of Boston, Mass., visited their uncle and aunt, Mr. and Mrs. Francis W. Cross and family of Canal Point this week. Mrs. Gallagher made her home with Mr. and Mrs. Cross before her marriage.

## Riveria Plant Of FPL To Be Enlarged

To meet further growth in the electric needs of this section, Florida Power & Light Company will begin immediate steps to install another generator at its Riviera Beach electric generating station, nearly doubling that station's capacity, P. Paul deMoya, manager, announced today. This plant was just completed and dedicated last year.

In addition to providing more electricity for the expected growth of this area, deMoya said the new generator will help improve voltage conditions and reduce interruptions of service by increasing dependability of the power supply.

The new generator, capable of 44,000 kilowatts, will boost Riviera's capacity to 94,000 kilowatts. It will become the most powerful generating station in the company's entire system, exceeding the capacity of its 90,000-kilowatt station near Ft. Lauderdale.

Decision to locate the new generator at Riviera Beach, deMoya stated, was reached after analyses by company engineers and economic researchers indicated that population growth during the immediate future will cause increased electric demands in this area.

In preparation for such a step, deMoya said Florida Power & Light Company ordered both the generator and boiler in April, 1947—"more than a year ago," he emphasized.

(Continued on page 4)

## Rev. Pinson Suffers From Heart Attack

The Rev. Don Pinson, pastor of Deaderick Avenue Baptist Church in Knoxville, Tenn., had reached the middle of his sermon Sunday, July 18, when he suffered a heart attack, grasped the pulpit, and slumped over the lectern in the Moses School auditorium in which services have been held since Deaderick Avenue Church burned several weeks ago in Knoxville, Tenn.

Choir members, reaching him almost instantly after Mrs. Pinson had called out to "grab him," eased him into a chair. An ambulance took him to St. Mary's Hospital where attendants said today his condition was "fairly good" and that he had had a "fairly good" night.

Mr. Pinson's sermon theme was "Is God Limited?", in the course of which he explained the marvels of the human body.

"He had just finished telling how the heart pumped blood to all parts of the body when he suddenly stopped speaking, grasped the edge of the pulpit and went limp," a member of his congregation recalled.

Yesterday's heart attack is the latest in a series of tragic incidents besetting Mr. Pinson and his family since they came to Knoxville less than a year ago from Canal Point, Fla.—the young son has suffered serious illness. Mrs. Pinson underwent an operation, and Deaderick Avenue Church, one of the historic religious landmarks of Knoxville, was gutted by fire so completely that the walls had to be razed.

Chisholm's Cafeteria in Stuart features a moisture-proof bag on every dining table, inviting guests to take home scraps for their pet dogs or cats. Recently the Herald, published at Dayton, Ohio, printed the following paragraph based on a note from an Ohio subscriber traveling in Florida:

NOTE FROM S. W. Boomershine of Brookville includes a paper bag with the cutest cocker spaniels printed on the front.

"This winter on our annual trek to Florida, I ran across this bag. Having traveled a lot, usually accompanied by our Scottie, to whom we like to slip a 'treat' of bones once in a while, I was more than surprised to find these sacks. Aren't they sumthin'!"

He said, "We love pets too. So we provide for your convenience this grease-proof bag to take out your table scraps."

Hurrah! I'm in favor of more restaurants adding this service.

Stuart gets more nationwide advertising from the operation here of Chisholm's Cafeteria than from any other local institution.—Stuart News.

## Sweet Corn

A machine to pick sweet corn has been invented. We congratulate the inventor and the producer and we have no doubt whatever that they are rightminded individuals. At the same time it is with some regret that we see sweet corn become a part of the machine age.

Sweet corn should be grown as close to the house as possible. It should be watched carefully because there is a time when sweet corn is too young and there soon follows a time when it is too old. The time when it is just right is very brief and only a personal relationship with each ear is likely to put one in position to judge when it has reached the proper stage.—Wall Street Journal.

## Cinematic Chatter

By Malcolm Millar

This show, that is to be screened at the Prince theatre this Sunday-Monday, gives James Stewart one of the most actioned roles that he has yet portrayed on the screen.

The play is "Call Northside 777" and lovely Helen Walker is his leading lady. Of course Richard Conte and Lee J. Cobb, who head the excellent list of featured players lend able support to the talented stars, and the whole affair turns out to be a well rounded story, expertly directed and characterized, leaving us all more than satisfied at the final curtain.

Mr. Stewart puts on a one man campaign for decency, in this fast moving drama, and finds himself involved in one of the most adventuresome episodes of his lifetime. Until the whole thing is brought to a close the audience is subjected to some mighty fast and suspenseful action and thrills.

For these above reasons I do recommend this show to you as the type of entertainment that leaves no doubt in your mind about your being well paid for the time spent looking it through.

See you at the movies—Mal.

## Reitz Resigns Post With Citrus Group

ORLANDO—Dr. J. Wayne Reitz resigned last week as economic counsel of the United Growers and Shippers Association, one of Florida's major citrus trade organizations.

He said he was resigning in order to accept appointment as chief of the citrus division of the fruit and vegetable branch of the Production and Marketing Administration, United States Department of Agriculture.

Dr. Reitz was professor of agricultural economics at the University of Florida for 10 years prior to joining the staff of United Growers and Shippers.

Mr. and Mrs. T. E. Alexander and family who visited relatives in Rome, Ga., returned to their home here this week.

## Letter Carriers In Annual Convention

JACKSONVILLE — James F. Sladky, of Miami, was reelected president of the Florida State Association of the National Association of Letter Carriers, at the annual convention held here last Saturday.

R. H. Peacock, of Jacksonville, was reelected vice-president, and Bruce Dore of St. Petersburg, was elected secretary, succeeding R. L. Burns of Orlando. Vernon Tice of Orlando was elected treasurer.

Three new men were named to the executive board; E. P. Barenburg of West Palm Beach; J. O. Parker of Pensacola; and Ray Mills of Tampa. Representative Emory H. Price of the Second Florida Congressional District, was the principal speaker at the banquet. U. S. Senator Claude Pepper was the principal speaker at the afternoon session. Representative George A. Smathers also spoke at this session.

Senator Pepper in his talk deplored the action of the Republican-controlled Congress in giving postoffice employees only a \$450 annual increase, although the Senate Committee had recommended \$800.

## Republican Acker Expects More Votes Result Convention

DAYTONA BEACH — Bert L. Acker of Miami, Republican candidate for Governor of Florida, said this week that he thought his chances for election were helped by events at the Democratic National Convention.

He expressed pleasure that the state delegation voted for Senator Russell of Georgia rather than President Truman.

Asked in an interview whether he personally endorsed the civil rights plank in the Republican platform he said:

"Of course, as a Republican I must support the platform of my party, but I must admit I have not carefully studied it. I believe states rights are of more concern today than civil rights and should receive more consideration. Civil rights talk just get folks riled up."

## New Clipper Takes Over Caribbean Run

MIAMI—As a prelude to the inauguration of 300-mile-an-hour service by Pan American World Airways between Florida and Jamaica, one of the fast new Clippers is being christened this week at Kingston, the Jamaican capital.

In a colorful ceremony at Palisades Field, the gleaming new aircraft will be named the Clipper Jamaica by Mrs. H. L. E. Browne, wife of the colonial secretary of the British outpost in the Caribbean.

Among the speakers will be Wilbur L. Morrison, PAA vice-president in charge of the Latin American Division.

A group of Florida newspapermen, representing the state's leading newspapers and press associations, is flying to Kingston aboard the Clipper to attend the ceremonies.

The five-mile-a-minute aircraft will go into scheduled service between Miami and Kingston via Camaguey, Cuba, and Montego Bay, Jamaica. They will fly two round-trips weekly, on Mondays and Fridays, over the 589-mile route, and the service will be stepped up to daily flights during this winter season. Kingston also has two other daily round-trip Clipper flights linking it with Miami, and extra round-trip on Wednesdays.

Following the christening ceremony, the Floridians will be guests of the Jamaica Tourist Board at luncheon, and during the afternoon will be shown the sights of Kingston.

The special Clipper will fly them to Montego Bay, Jamaica's seaside resort, to spend the night. The newspaper group returns to Miami the next afternoon.

Use of rubber as a paving material for streets and roads alone has been regarded by rubber men as a good but uneconomical idea, even for limited areas such as around hospitals. Now, according to B. F. Goodrich officials, the Dutch are doing some serious experiment with rubber topping for highways, at a government laboratory at Delft, Holland.

## Adoption Laws To Be Studied, Result Of So. Fla. Case

TALLAHASSEE—A broad study of Florida adoption laws and practices is going to be undertaken by the State Children's Commission as an outgrowth of a West Palm Beach couple's recent newspaper hunt for foster homes for seven children.

Mrs. Sylvia Caruthers, Children's Commission director, said the agency's executive board has agreed to put a statewide committee to work on a study of "problems which arise when it becomes necessary to find homes for children."

comes necessary to find homes for children."

She said the study was requested by the State Welfare Board which now supervises adoption in Florida, and various other social agencies.

Mrs. Caruthers also announced that the Children's Commission would also start a detailed survey of juvenile court practices and jurisdictions in various parts of the state.

The trend toward more entertaining at home, hastened by television, has increased demand for moisture-proof, colorfast ceramic tile in converting basements into recreation rooms.

## LEFT is RIGHT ON THE HIGHWAY

That's right! When you must walk on the highways in rural or suburban areas, always walk on the left side of the road—*facing traffic*.

There is plenty of reason for this. Last year for every person killed facing traffic three were killed walking with traffic. 24 Floridians lost their lives and 33 were injured walking the wrong way instead of facing oncoming cars. For every daytime fatality there were 4 deaths during the dusk and dark hours. Six more people lost their lives merely standing in the road.

Never assume you are safe when walking on the highways—many times you are hard to see. Then, too, the despicable hit and run driver is still at large—his numbers and his victims increasing. In the first six months of 1946, 78 hit-and-run accidents were recorded in Florida and 16 were killed by these car cowards.

So remember for your own sake—on highways, walk to the left facing traffic—be alert to danger—be alive tomorrow.

Mr. Motorist—

Prepared by the Associated Dailies of Florida, the Florida Press Association, and the National Conservation Bureau, as a public service.

### The Everglades News

Paul Rardin, Publisher

## Riveria Plant Of—

Continued from page 1  
phasized, leaving the site of the plant to be determined by population trend.

The huge turbo-generator, the most modern of its kind, cooled by hydrogen gas, is being built by General Electric Company, Schenectady, N. Y. The boiler, capable of converting 295 tons of water to steam every hour, is being built by Combustion Engineering Company, New York City.

Shipment of the boiler is scheduled for September, 1949, and shipment of the turbo-generator is set for May, 1950. Florida Power & Light Company expects to have the new generator unit installed and in operation by 1951.

Expansion of the Riviera Beach plant follows closely upon the plant's erection as a new and modern addition to the company's system in the latter part of 1946. It was formally dedicated on February 25, 1947, when some 5,000 visitors inspected it during an "open house" celebration and Mayor Lee Regan, of Riviera Beach, delivered the dedicatory address.

Describing enlargement of the Riviera Beach plant, deMoya declared that it will consist of a "new departure in plant construction". Unlike the present Riviera Machinery, much of which is housed, he said "little, if any, of the new unit will be covered by shelter. Construction costs, accordingly, will be reduced, building maintenance expense in the future will be practically eliminated—typical economies which help to keep the cost of electricity low."

deMoya pointed out that expansion of Riviera is "another stop in Florida Power & Light Company's present \$35,000,000 construction and expansion program."

"As a result of this program, the public has already seen our new plants go up at Sarasota and Riviera. Now, additional generators have been recently placed in operation at Sanford and Miami. A huge, new 72,000-kilowatt station is under construction at Cutler, south of Miami.

"When we complete the Riviera addition, we will have tripled our generating capacity since pre-war 1940", deMoya said. "That's proof that we are 'Growth With Florida and Helping Florida Grow'."

The company also announced last week that it was ordering a 44,000-kilowatt turbo-generator for delivery in 1951, to be located at a site as yet undetermined but wherever Florida's growth requires.

## Sugar Company Fetes Its Key Men

CLEWISTON—Emblems representing 260 years of service were presented last week to 15 key employees of the United States Sugar Corporation by Charles E. Wetherald, corporation president. The presentation was made at a Key Men's dinner at the Clewiston Inn.

In presenting these emblems Wetherald commended the key employees for their loyal and splendid record of service to the corporation.

Josiah Ferris, Jr., vice-president of the corporation, was in charge of the entertainment program.

A gold emblem set with a ruby and sapphire went to Malcolm W. Bigg, corporation treasurer for a quarter of a century of service. Gold Emblems set with rubies went to C. J. Akin, S. L. Crochet, W. C. Owen, R. Y. Patterson, M. A. Thomas, O. A. Anderson and E. C. Mills for twenty years of service.

Gold emblems for fifteen years of service went to H. C. Jones and O. A. Jones.

A silver emblem, ten years service, went to T. W. Reeves. Bronze emblems for five years of service went to Fred C. Sikes, G. W. Taylor, Alton W. Jones and D. B. Hampton.

The Chicken-of-Tomorrow winner in the nationwide contest, sponsored by A&P Food Stores was a cross between Cornish and New Hampshire chickens.

## Lithograph Plant Opened In Tampa

TAMPA—After a two-year survey of Florida and the citrus industry the Rossotti Lithographing Company, of North Bergen, N. J., has opened a complete lithographing plant under the name of Rossotti Florida Lithographing Corporation, in a modern building at 205 North Eleventh Street, Tampa.

The plant is under the management of Cecil E. (Robbie) Robinson, vice-president, who is a native of Florida, but has spent the past 20 years in New York in the printing, lithographing and advertising business.

The Tampa plant, according to Robinson, will be the only complete, lithograph plant in Florida. During the past three months Robinson has supervised the erection of machinery. All new equipment has been installed. They recently set up the last piece of equipment, a 24-inch color precision camera manufactured by the American Type Founders Corporation. With this camera it will be possible to produce the finest in all types of color process work.

The name of Rossotti is well known in the label and food pack-

aging field. The firm is observing its fiftieth anniversary this year. The executive offices and main plant are at North Bergen, New Jersey. They recently opened a plant in San Francisco, California to handle the West Coast trade.

The Tampa plant will manufacture all types of labels and food cartons and will specialize in advertising and promotional material. A special creative department is being set up in the Tampa plant. The two Rossotti brothers, Alfred F. and Charles C., officers of the parent company, are also officers in the Florida Corporation.

### NEW CONSULTANT

TALLAHASSEE — Miss Sarah Benedict, of Tallahassee, has been named Consultant to the Florida Children's Commission, it was announced here by Director Sylvia Crothers.

Miss Benedict studied sociology at Florida State University when it was Florida State College for Women, and at Western Reserve University in Cleveland.

She was employed by family service agencies in Louisville and Cleveland for the past fifteen years.

### ILLEGAL SIGNS

TALLAHASSEE — More than one million illegal signs have been removed from Florida highways, it was reported last week by the division of outdoor advertising of the State Road Department. State law requires that all highway signs be licensed and any sign that do not conform to state regulations are confiscated.

The PS-1 "package" box car developed by Pullman-Standard Car Manufacturing Company, is now accounting for approximately 40 per cent of the box cars ordered from all contract builders and more than 28 per cent of box cars ordered from all sources.

## Personal Items

Mr. and Mrs. Manning I. Keen have as guests this week Miss Nettie Pearl Riggsbee of Palmetto, Fla., also Miss Grace Alfred of Enterprise and Mrs. Keen's sister, Miss Ann Slonaker of Clewiston.

Mr. and Mrs. Alfred Erickson accompanied by their son, and daughter-in-law, Mr. and Mrs. W. E. Erickson, and their daughter,

Mrs. Eva Spencer, have gone to Celso, N. C. where they will visit their son and daughter-in-law, Mr. and Mrs. Karl Erickson for a few weeks.

D. L. Hooks took his son, Stanley, to Daytona Beach for a few days vacation last week. He was accompanied by the Rev. R. A. Fuller and on their return a Southern Bell telephone truck hit the Hooks' car damaging it very badly. The accident happened in New Smyrna.

Marvin Unwin, student at the University of Florida in Gainesville, has returned to that city after visiting his parents, Mr. and Mrs. J. E. Unwin here.

Bobby Peacock, son of Mr. and Mrs. B. Peacock of Pahokee, underwent an operation for the removal of a growth on his tongue at Duke Hospital in Durham, N. C. this week. Bobby was one of the star football players on the Pahokee Blue Devil team last fall.

Mrs. Josh Crews and son, Eddie, are visiting her brother-in-law and sister, Mr. and Mrs. Andy Nychyk in Ft. Myers for several days.

Mr. and Mrs. J. V. Thomas and family returned to their home here Thursday after a visit with Mrs. Thomas' parents in Marianna.

CANAL POINT, FLA.

## Circle Group Hears Mrs. Arch Blakey

"The Church in Poland" was the theme of the program presented by Mrs. Arch Blakey at the July meeting of the Simonson-Lair circle of the Methodist Woman's Society of Christian Service Monday. The circle met at the home of Mrs. T. L. Burns with Mrs. Burns and Mrs. John D. Rogers as hostesses.

Before the program Mrs. L. J. Fraser, circle chairman, led the devotional and presided over a short business session.

Mrs. John A. Dulany, general president, attended and led an informal discussion on the needs and future plans for the organization. The school of Missions in Lakeland was announced for August 30. The society will send 3 delegates to the school, one to be named from each circle.

At the conclusion of the meeting Mrs. H. J. Anderson invited circle members to meet at her home in August and to combine the meeting with an out-door dinner party in her garden, with husbands attending as guests.

The hostesses served a dessert course to those present.

## Mobergs Planning Month's Vacation

Rev. Moberg and family will leave early Monday morning for a month's vacation. The motor-trip will begin with a day at Williamsburg, Va., and Yorktown, historical places of much interest. Then to Potomac City for a "hello" to the Potomac farming folks. Again across the bay to the Naval Academy at Annapolis and Washington, D. C. where the Congressional session will be enjoyed as the guests of the Hon. Dwight Rogers.

The Mobergs will be the house guests of Mr. and Mrs. Harold Robinson. Mr. Robinson's research laboratory of radar, television, walkie talkie, etc. played an important part in the last war and is now engaged in an active program of the things for peace. New York will be the next stop for a few days stay with Mrs. E. B. Richardson and family. Rev. Moberg's sister, then to Moorestown, N. J. and Altoona, Pa. for a visit with Mrs. Moberg's relations. Chicago next with Dr. and Mrs. H. E. Ressler, father of Mrs. Moberg.

On to the mountains of the Great Smokies with Dr. and Mrs. C. F. Waller and family and home. The Mobergs express their heartfelt gratitude to the church for the granting of this vacation and will try through the blessings gained to reciprocate in every way possible. What a joy to be the pastor of a people so considerate. It is hoped the visiting ministers will be blessed with the heartiest of cooperation.

## Would Halt Freight Rate Increases

TALLAHASSEE — Florida is joining with Alabama in trying to call a halt on railroad freight and passenger rate increases authorized by the Interstate Commerce Commission.

Richard A. Mack, acting chairman of the Florida Railroad and Public Utilities Commission, says the Commission has sided with the Alabama Public Service Commission in protest against the ICC granting the railroads rate increases over the heads of the state commissions. The Alabama commission recently refused to grant increases on intra-state railroad movements and the ICC later agreed to hear the case. The Alabama commission had refused on the ground that the railroads had failed to furnish a financial breakdown of revenue from traffic inside the state.

Are you losing payments every month that you are entitled to under the Old Age and Survivors Insurance Program of the Social Security Act? Better check with the nearest Social Security Office and find out.

## POT LUCK SUPPER

The Canal Point American Legion Post and Legion Auxiliary conducted the first of a series of joint potluck suppers and social get-together meetings, scheduled for the summer months at the Legion Hall in Canal Point Tuesday evening. The informal dinner and social hour was well attended and will be repeated from time to time during the summer instead of separate meetings. There were approximately 30 attending.

## Plans Announced For Sunday Wedding

Plans have been completed by Miss Virginia Ann McClure and Robert Donald Apelgren for their wedding which will be a social event of Sunday, August 1st. The ceremony in the First Methodist Church in Pahokee at 4 p. m. will be followed by a reception at the home of the bride's parents on Racom Point Road, with a number of out-of-town relatives and friends attending.

The bride-to-be, daughter of Mr. and Mrs. O. B. McClure, has named as her maid of honor her sister, Miss Ruby Jane McClure. Her cousin, Gwenie Perkins of Ft. Pierce, will be junior bridesmaid and little Betty Jo Phillips and Bunny Brooks will be the flower girls. Another of the bride-elect's cousins, Nancy Perkins, will light the candles.

Robert M. Howarth of Providence, R. I. will be Mr. Apelgren's best man and named as ushers are Richard L. Brooks of Pahokee and Richard Fuchs of Homestead.

## Shower Is Given Miss Virginia McClure

Miss Virginia Ann McClure, bride-elect of Robert Donald Apelgren, was honored with a miscellaneous shower at the home of Mrs. Nelle Montgomery at 2217 S. W. 17th Terrace, Miami Wednesday evening.

The refreshment table was laid with a delicate pink cloth and an aqua umbrella, hung above the shower table. Mrs. Montgomery and Mrs. Myrtle Muller were the hostesses. Guests were Mrs. O. B. McClure, Mrs. Edna Morton, Mrs. Margaret Nelson, Mrs. Hazel Foker, Mrs. Lucille Baker, Mrs. Christine Lane, Miss Joan Hartman and Miss Ruth Warren.

## Sermon Will Be Broadcast Sunday

The First Baptist Church of Pahokee will broadcast its service this Sunday morning at eleven o'clock. Rev. C. A. Moberg will speak on, "The Second Coming of Christ." Mrs. Moberg will be the soloist rendering, "Face to Face." The large chorus choir will augment the congregational singing. At the eight o'clock hour the pastor will preach the last of the series of messages on, "Israel the New State."

Capacity congregations have attended these special services and it is with much appreciation that the pastor expresses himself concerning his interest. These are days of much confusion and for a people to try to find the answers through the medium of Bible teaching commendation is the order, hence, Pahokee is "on the map" in prophetic thinking.

## BANKERS BACK MUTUAL

TAMPA The Executive Council of the Florida Bankers Association has approved a report by the association's citrus committee which suggested that "loans on low-grade juice are hazardous and a disservice to the citrus industry and to the entire economy of the State of Florida."

The report of the committee favored the new Florida Citrus Mutual and urged growers to consider its contracts; recommended higher standards for the interior of fresh fruit; and that a volume pro-rate be adopted by the growers and shippers of interior Florida.

## Mrs. Agner Gives Missionary Program

Mrs. J. D. Agner presented a program on, "Religion and Rural Churches," at the meeting Tuesday evening of the Grace Jernigan circle of the Baptist Woman's Missionary Union at the home of Mrs. Seth Roberts. Assisting Mrs. Agner in the discussion of the topic were Mrs. H. C. Graham, Mrs. Wiley Tillis, Mrs. D. W. Young and Mrs. Carl A. Moberg.

During the business session which was presided over by Mrs. Wiley Tillis members voted to send money and clothing to World Relief overseas. Plans were made for a series of cottage prayer meetings which will be held this summer. Exact dates will be announced later. Mrs. W. H. Rogers and Miss Elizabeth Caraway were visitors. During the social hour which followed the program and business meeting the hostess served refreshments to 11 members and guests attending.

## NEW COACH LINE

TALLAHASSEE — Lee's Coach Lines of Marianna have requested authority from the Florida Railroad and Public Utilities Commission to expand its bus operations from Marianna to Greenwood in Jackson county and to conduct charter trips to Blue Springs. A hearing on the application will be held in the courthouse at Marianna August 2nd.

## WANTS PERMIT

TALLAHASSEE — Application of J. T. Ellis of Orlando for a state's certificate authorizing sightseeing tours in Florida will be considered by the Florida Railroad and Public Utilities Commission at a public hearing in Orlando July 30. Ellis has asked for permission to transport sightseers to all the principal tourist attractions in the state, leaving from Winter Park and Orlando. The hearing will be held in the county courthouse.

## GIFT OF PROJECTOR

The First Baptist Church of Pahokee is happy to announce the gift of a movie projector. The order will be placed shortly. The giver's name in accordance with his wish will be withheld. This fine thought on the part of this fine friend whose interest in the welfare of our youth manifests itself in various and sundry ways, is received by the church and friends of the church with a hearty, "Thank you" and the "Lord bless you."

## Mrs. Herman Kautz Has Birthday Party

Mrs. Price Burdeshaw was hostess at a surprise birthday party honoring her daughter, Mrs. Herman Kautz at her home Saturday evening.

Games and contests were enjoyed and refreshments were served to guests attending. Mrs. Burdeshaw was assisted by her daughter-in-law, Mrs. John Burdeshaw. Those present were Mr. and Mrs. Roy Kautz, Mr. and Mrs. Joe Alderman, Mr. and Mrs. I. J. Fraser, Jr., Mr. and Mrs. Harold Webb, Jr., Herman Kautz and son, Ronnie, Mrs. R. D. Durrance, Wayne Burdeshaw, Price Burdeshaw, John Burdeshaw, and daughter, Eleanor.

The State Game and Fresh Water Fish Commission warns sportsmen that if they are paying more than \$2 for a resident fishing license they are being gypped and points out that the law sets the rate at \$1.75 plus 35c for the County Judge, a total of \$2.00.

## Dewey Expected To Speak In Florida During His Campaign

ORLANDO — Governor Thomas E. Dewey, Republican presidential candidate, will carry his campaign into the Deep South and Florida will be on his itinerary, according to M. J. Moss, Orlando realtor and Republican candidate for congress from the Fifth District. It is not known at this time just when Dewey will visit Florida but it is definitely understood that this state will be on his itinerary.

Mr. and Mrs. M. F. George spent the week-end in Key West.

## PRELUDE TO ACCIDENT-

### Injury - - - - Death!

Every violation of the center line of safety is a potential prelude to accident.

Crossing into the danger zone can occur at the approach to the top of a hill—on a curve—going into an underpass, or even on the straight highway. That's reckless, dangerous driving! Accident records show that about one half of all fatal traffic accidents result from bad driving habits such as these.

It's your responsibility to yourself, your family and to others who share the road to avoid these "Pass-Pockets" where lurk injury—and death.

Don't let impatient driving tag your conscience with being one of those who contributed to the maiming or death of the hundreds of thousands who will be auto accident victims this year.

You can be a safe driver if you will. It's up to you.

Mr. Pedestrian—

## WARREN TO Be Governor In Absentia?

Friends of Fuller Warren, Democratic nominee for governor of Florida this week pointed out that the threatening Russian situation has caused a peculiar situation to be developing—due to Warren's status as a reserve officer of the United States Navy.

He was said to be subject to call in event of emergency, has already received—as have other Navy and Army reservists—a questionnaire inquiring as to his availability.

The Jacksonville lawyer spent substantial sums undergoing operations for minor physical disorders to make himself available for service in World War II when he crossed the submarine-infested Atlantic many times as chief of a gunnery crew aboard freighters.

Some always have believed that the finger of fate—or political machinations—got him the unusually dangerous assignment during the last war and don't rate his enemies above using external pressure, if possible, to get him back into service and "out of the way" so that he couldn't as governor attempt the governmental reforms he pledged the people in his election efforts.

## Births

Mr. and Mrs. Albert Otis Allen of Pahokee announce the birth of a daughter, Martha Joan, at the Everglades Memorial Hospital in Pahokee, July 24th.

Mr. and Mrs. Marvin Cowart are announcing the birth of a son, Thomas Michael, at the Good Samaritan Hospital in West Palm Beach, July 25.

Mr. and Mrs. James A. Stafford of Pahokee announce the birth of a daughter, Sandra Sue, at the Good Samaritan Hospital in West Palm Beach, July 21.
